FAILURE.

"Very frequently," says a New York lawyer, "there is an element of unconscious humor in the findings of a jury. To my mind, the best I ever heard in this connection was the verdict brought in by a coroner's jury in Michigan, who were called upon to pass upon the case of the sudden death of a merchant in Lansing. The finding was as follows: 'We, the jury, find from the physician's statement that the deceased came to his death from heart failure, superinduced by business failure, which was caused by speculation failure, which was the result of failure to see far enough ahead.'"—Harper's Weekly.

RESPONSE NOTICES.

"Here is a curious notice which appears on a sign near Saddleworth church, known to fame as the burial place of the victim of the Bills o' Jack's murder," writes a Manchester correspondent. "It is a bold attempt to escape the conventionality that imposes itself on other property owners: 'The law comes down with a heavy penalty on any person found trespassing on this land.'"

It is only a verbal improvement on the time honored falsehood, "Trespassers will be prosecuted." We prefer the authoritative announcement that used to appear in the grounds at a certain learned judge's country place in the last century. It ran: "Trespassers cannot be prosecuted unless they pursue game or do willful damage. But reasonable force may and will be used to remove trespassers, and they are liable to an action at common law."

It is said that this notice, displayed at various points on the judge's frontiers, so terrorized the countryside that for years there was not so much as a beef tin or an old newspaper caught on the wrong side of the fence. —London News.

According to Horsepower.

A young motorist, endeavoring to convince a country innkeeper that the decay of coaching was more than compensated for by the spread of motoring as a pastime, exclaimed, as a final argument, that his car was of forty horsepower, "the equal, sir, of ten re-lays of coach horses."

The next morning he read in his bill, "To feeding and stabling, 80 shillings." He asked the landlord for an explanation. "The charge for 'osses is 2 shillin' a 'ead, sir," was the reply. "That machine of yours is equal to forty 'osses, which is 80 shillin'." —London Express.

Onions.

Onions are almost the best nerve known. No medicine is so useful in cases of nervous prostration, and there is nothing else that will so quickly relieve and tone a worn-out system. Onions are useful in all cases of coughs, colds and influenza, in consumption, insomnia, hydrophobia, scurvy, gravel and kindred liver complaints. Eaten every other day, they soon have a clearing and whitening effect on the complexion.

ROYAL MARRIAGE.

PARIS, Nov. 22.—The marriage of Prince George of Greece Second son of the King of Greece, and High Commissioner for the powers in Crete, and Princess Marie Bonaparte took place at the Mairie at Passy yesterday. The strictest privacy was observed. The witnesses for the prince were Prince Nicholas of Greece and M. Delyannis, the Greek minister. Those for the bride were Princess Jeanne Bonaparte and Princess Constantine Radziwell.

The ceremony was a pure formality and does not change the status of the contracting parties, as the Greek Church does not recognize the validity of a civil marriage.

While New York feels that the \$605,000 for harbor improvements which it is reported Congress will be asked to appropriate for carrying on a year's work is entirely inadequate, there is nevertheless some satisfaction expressed that anything at all may be done. The metropolis comes pretty near to holding the long distance record for delays in necessary harbor improvements as instanced by the Harlem River, the busy little stream connecting the East River with the Hudson, whose commerce last year amounted to nearly \$300,000,000. Twenty-nine years ago, that is in 1878, the improvement of the Harlem on a plan estimated to cost \$2,700,000 was undertaken.

Early and Late Easterners.

Easter Sunday cannot happen earlier than March 22 or later than April 23, but between these two dates it has a range of thirty-five days. At the time of the council of Nice, 325 A. D., it was agreed by the representatives present that from that time forward Easter should fall on the first Sunday after the full moon occurring on or next after March 21, or, in other words, "on the first Sunday after the first full moon after the sun crosses the line." Since the above arrangement was adopted by the great ecclesiastical council referred to Easter has fallen on March 22 and on every date between that and April 23, but it is only after long intervals of time that it occurs on its extreme dates. In 1890 Easter fell on April 25, its latest possible date, an event which will not again occur until the spring of 1943. The last time Easter fell on its earliest date was in 1818. This will not happen again until after this century.

CONCERT AT SEA.

Prominent People Take Part in Entertainment on "Mauretania."

ON BOARD THE STEAMSHIP MAURETANIA, BY WIRELESS TO SOUTH-WHEEL FLEET, Mass., Nov. 22.—A most enthusiastic concert was held on board this vessel last night. Sir Clifton Robinson was chairman and speeches were made by G. B. Hunter, S. S. McClure and W. Doubleday. Irish songs and poems by Rudyard Kipling, set to music, were sung by Denis O'Sullivan. The collection for the Seamen's fund amounted to \$550. Unanimous congratulations from the passengers were cabled to the Cunard Company.

CONDITIONS IMPROVE.

San Francisco Banks Furnish Customers With Gold When Needed.

SAN FRANCISCO, Nov. 22.—The local banking situation continues to improve with each succeeding day. The conditions yesterday were said to be the most encouraging and bankers and business men generally were in a cheerful mood. Business was moving along approximately normal lines. There was ample gold to meet essential demands and all lines of business requiring coin were supplied by the banks. Any customer of a bank, on a proper showing that he needed coin for the advancement of his commercial interests, was furnished the yellow metal without hesitation.

WHAT IS WRONG?

Many Ask People in Astoria Are Asking That Question of Late.

Within the last few weeks, more people than usual have complained of frequent sneezing fits, tickling in the throat, stoppage in the nose, spasms of coughing, raising of mucus, droppings in the throat and offensive breath, and have asked themselves what is the matter.

The trouble is that they are affected with catarrh and unless immediate steps are taken to remedy their condition, the disease will increase and spread through the delicate mucous membrane that lines the air passages, and a chronic and serious stage of the disease will result.

At the first symptoms of catarrh, Hyomei should be used. There is no other treatment like it or just as good; none than can take its place and cure so surely, so quickly and at so little cost. It is a scientific medicated air treatment that does not drug and derange the stomach, but is breathed in, directly destroying all disease germs that may lurk in the nose, throat and lungs and soothing and healing the irritated mucous membrane.

T. F. Laurin, the local agent for Hyomei, has so much confidence in the merits of the remedy that he offers it on trial to any catarrhal sufferer with the agreement to refund the purchase price of \$1.00 for the complete outfit to anyone who is not satisfied with the results. You certainly can afford to test Hyomei with an offer like this. Get it now and be cured of catarrh.

It is a well known fact that persons living in the Pine forests do not suffer from kidney diseases. One dose of Pine-Ules at night usually relieves backache. Thirty days' treatment, \$1.00. Your money refunded if not satisfied. Sold by Frank Hart's Drug Store.
